**PART B: ACADEMIC PERFORMANCE INDICATORS**  
**ACADMIC YEAR-20-21**

Based on the teacher's self-assessment, API scores are proposed for (1) teaching related activities; domain knowledge; (2) Involvement in University/ college students related Activities/ research activities. The minimum API score required by teachers from this category is different for different levels of promotion. The self- assessment score should be based on objectively verifiable records. It shall be finalized by the screening cum evaluation / selection committee. Universities may detail the activities, in case institutional specificities require, and adjust the weightages without changing the minimum total API scores required under this category.

**Table 1: Assessment Criteria and Methodology for University/College Teachers:**
